

NATIVE TONGUE
CARIBBEAN LIFESTYLE & ENTERTAINMENT

MEDIA KIT 2015

ABOUT US

NATIVE TONGUE is a bi-monthly Caribbean Lifestyle & Entertainment Magazine. Our mission is to bring Caribbean entertainment, music, lifestyle and fashion content to Caribbean and non-Caribbean populations in North & South Carolina.

WHY ADVERTISE WITH US

Every issue of Native Tongue Magazine is digital and remains online open to unlimited views. As digital back issues are readily available for consumers to access; there is a huge increase in the number of times older issues are viewed. This means that an advert in a past digital issue will still receive views in a year or maybe even two or three years.

As well as adding video, animation and audio content to adverts, advertisers can include advanced features such as email sign up forms and questionnaires, gaining a deeper level of information from consumers than normally available via print advertising.
